DECLARES FRANCE IS PERFECTLY NEUTRAL

Government Sends Important Orders To Minister.

JAPANESE ARE HARD TO PACIFY

They Believe Admiral Rojestvensky Remains In Kamranh Harbor With Full Knowledge of France—Russians Minister to China Dies.

Paris, April 22.—As a result of the communications between the governments at Paris and St. Petersburg the Russian government has forwarded urgent orders to Admiral Rojestvensky to rigorously respect the neutrality of French waters. This is a precautionary measure. In addition special instructions have been sent to the governor-general of Indo-China, M. Beau, and Foreign Minister Delcasse has instructed the French minister at Tokio to give the Japanese minister for foreign affairs assurances that it is France's purpose to preserve strict neutrality, these being similar to the assurances given to Dr. Motono, the Japanese minister at Paris.

Situation at Tokio.

Tokio, April 21, 8:30 a. m.—The Japanese regard the Kamranh bay incident with a growing feeling of resentment and bitterness toward France. It is popularly believed that the Russian fleet is still at Kamranh bay and is making the freest possible use of the port. The demands for strong action on the part of Japan are daily growing louder. Political parties and other organizations are passing resolutions condemning France's alleged violation of the neutrality. It is proposed to hold a great popular demonstation. The Nichi-Nichi today asserts that the evidence is conclusive that Admiral Rojestvensky is using Kamranh bay as an actual naval base for belligerent action.

The Jiji discusses France's historical attitude on the question of neutrality, and insists that the use of Kamranh bay enhances Admiral Rojestvensky's fighting capacity, and offers facilities for war-like preparations. Continuing, it says if from the complication grave consequences result to Russian, France will be responsible.

A former cabinet minister, in discussing the incident today said:

"We are keenly anxious to avoid involving others, but we are bound to protect our rights. If France gives Russia the use of Kamranh bay, why cannot England allow us to use Hong Kong?"

Russian Minister to China Dies.

Pekin, April 22.—M. Paul Lessar, Russian minister to China, whose foot was recently amputated, died last night.

M. Lessar, who was counsellor of the Russian embassy in London, was appointed Russian minister to China in July, 1901. The deceased minister distinguished himself as the negotiator with the Chinese of the proposed amendments to the Russo-Chinese Manchurian treaty. In 1901 he began a series of meetings with Prince Ching and Wang-Wen-Shao, who urged strong modifications of the old agreement, made with the late Li-Hung Chang, in order to maintain the sovereignty of China over Manchuria. Russia, through M. Lassar, agreed to some of the Chinese demands, but the war with Japan ended the diplomatic negotiations on the subject.

British Squadron Getting Active.

Hong Kong, April 22.—There is a noticeable activity among the British squadron. The armored cruiser Hogue has been ordered to be in readiness to proceed to sea at two hours' notice with full steam.

Taft Gets Copy of Note.

Washington, April 22. Mr. Hioki, the Japanese charge d'affaires here, has presented to Secretary Taft a copy of the note presented by the Japanese minister in Paris yesterday to the French foreign office in relation to the observance of neutrality toward Rojestvensky's fleet.

Germans Leave Japanese Army.

Tokio, April 22.—Major Prince Carl Anton Von Hohenzollern arrived at Moji today from the headquarters of the Japanese army where he has been the representative of Emperor William. General Prince Kanin accompanied Prince Carl from Manchuria. The latter is coming to Tokio.

WILL BUILD GREAT RAILROAD.

Plans Are Completed for the Construction of Western Pacific.

New York, April 22.—Plans have been completed in Wall street according to the Herald by which funds for the construction of the Western Pacific railroad are absolutely assured.

A syndicate of street banking houses is stated to have agreed to buy $50,000,000 of these bonds from the company, the proceeds of the sale of which will complete a line from Salt Lake to Oakland, Cal. These banking houses, it is understood, will participate the issue. On its completion the Western Pacific will become an integral part of the Gould system from the Atlantic to the Pacific and will complete the first line across the United States under one management. At present the Gould system terminus is at Salt Lake, on the west. The eastern line to the seaboard at Baltimore is now being completed through connections at Pittsburg between the Wabash, West Virginia Central and the Western Maryland.

ITALIANS HAVE MENINGITIS.

Emigrants from that Country Strick with Dread Disease.

New York, April 22.—Cerebro-spinal meningitis has caused 22 more deaths in New York Thursday. This compares with 13 on the day before. A report has just been received by the health department from the government officials that Angello Mazza, an emigrant boy from Italy, is dead at Ellis island from the same disease.

Immigration officials refused all information in regard to the case, it is said that 100,000 foreigners have reached this country since Mazza's arrival. Among them is one Italian family which located in Harlem. Four children in the family were stricken soon after and a search of health department records is said to show that many of those who died during the winter were recent arrivals from Italy.

Horses Sell at Fancy Prices.

New York, April 22.—Some high prices have been received at a sale of show horses brought here by T. M. Tichenor & Co., of Chicago. James Hobart More made two of the highest bids recorded. He paid $5,500 for Bond and Lillard, a cross matched pair of dapple gray and coalblack geldings bred in Kentucky. Shinasi brothers out bid Judge Moore on Store and Tempest, matched pair of bay geldings, which they secured for $8,300. The highest priced horses sold was May Morning, which was purchased by Judge Moore for $3,650. A brown gelding saddle horse, Minstrel brought $1,000.

Italian Railway Strike Ended.

Rome, April 22.—The railway strike may be considered to have ended. The committee of socialist deputies has obtained from Premier Fortis a promise to study the scheme for arbitration to be adopted in the case of the differences between workmen and the government. In the future the later will consult the representatives of the railroad organizations with a view to learning their requirements and propositions. It was also agreed that if the strike ceases promptly there will be no dismissals, transfers or other punishment of strikers. After this understanding with the government cipher telegrams were sent to the railroad men throughout Italy notifying them to be ready to assume their various employments.

Trading Stamp Company Fails.

Philadelphia, April 22.—The Globe Bond Trading Stamp company with headquarters in this city has closed its doors. Hundreds of women with books filled already for redemption called at the company's store today only to find that it had been vacated. The company had been in business here for several months and had made a wide distribution of its stamps.

MUST DEPRIVE HYDE OF IMMENSE POWER

Declares General Agents To Insurance Commissioner.

ALL FAVOR MUTUALIZATION PLAN

Policy Holders' Interests in Equitable Assurance Society Must Be Protected, Says General Agent Rowes, and Hyde Must Be Removed.

Syracuse, N. Y., April 22.—The general agents' committee of the Equitable Life Assurance Society of the United States arrived in this city this morning and arranged a conference at noon with Superintendent of Insurance Francis Hendricks.

Joseph Bowes, of Baltimore, was spokesman of the committee. To Mr. Hendricks the state superintendent of isurance, Mr. Bowes, reviewed the action of the agents' convention in favor of mutualization and then made an address. He declared the agents were in position to know what policy holders wanted. The prevailing conditions had alarmed the policy holders. The original plan of the founder, he declares, contemplated mutualization. For the first time the question of ownership of the vast surplus had arisen. The time had come for a change, and when the society could no longer be regarded as the patrimony of one man. He was informed on reliable authority, he said, that 38 or 40 directors did not own the requisite amount of stock required by the charter. There is no animosity among the agents against Mr. Hyde, he said, "but a change must be made to deprive him of the immense power he yields." The compromise effect was a miserable one, which is disappointing the realization of which will be delayed by litigation. The policy holders in the mean time suffer.

Mr. Hyde's elevation, he asserted, was due to the sentiment because of his descent from the founder. For five years he had been watched, helped and forgiven until sentiment was exhausted.

E. A. Woods, of Pittsburg, president of the agents, next addressed Mr. Hendricks. He told of the imense tangible interests of the agents and declared that under the present system of control the Equitable stock could be transferred to a party even more dangerous than Mr. Hyde. The agents were opposed to any change which do not conserve the interests of policyholders.

Chicago Man Wants Receiver.

Chicago, April 22.—A bill for the appointment of a receiver for the Equitable Life Assurance Society of the United States, and seeking an accounting, was filed in the United States circuit court here today by Attorney D. J. Schuyler. The petition is filed in the name of Abraham Sitron and others, policy holders in the society. Sitron says he holds a $2,000 policy in the society and that his interests are being dissipated by the officers and directors of the society. He names specifically President J. W. Alexander and Vice President James H. Hyde.

Home for Sick Letter Carriers.

Cleveland, O., April 22.—A home for the sick and invalid letter carriers will be established on a tract of 250 acres of land at the edge of the city of Colorado Springs, Colo. To gather data on the subject and get the matter before the national convention in proper form a special form has been authorized to investigate the idea at the meeting of officers council of the national association of letter carriers in session here.

Tragedy at Hot Springs.

Hot Springs, April 22.—T. J. Cavanaugh, a bricklayer from St. Louis, emptied a revolver into a number of brick masons here today. John Madigan, of Clinton, Mass., was instantly killed. In a scramble for safety, several of the laborers were severely hurt. The trouble arose over the differences in local brick layers' union matters. Cavanaugh has been arrested and is in jail.

SHOCK FELT AT BALTIMORE.

Earthquake that Occurred In India Recorded by Seismograph.

Baltimore, April 22.—The recent disastrous earthquakes in India sent a tremor half around the world which reached Baltimore in 15 minutes.

This is the record shown by the weekly examination of the seismograph fumes of Johns Hopkins university. Dr. H. F. Reed, of the United States Geological survey in charge of the seismography put into commission only a few hours before the shock occurred. On the strip of paper, about 11 yards long and 2 inches wide, is a series of irregular, wave-like lines rising like a miniature mountain range from a long and otherwise perfectly staight line. From this record it appears that the shock first reached Baltimore at about 8:15 p. m., April 3.

The most noticeable disturbance took place at 8:52 and lasted about 25 minutes. The whole duration was about three hours. Figuring on the difference of time the films show that the first shock was recorded here approximately 15 minutes afted it shook India.

PRICELESS TREASURES LOST.

By Vanderbilt University Fire—Building Will Be Replaced.

Nashville, Tenn., April 22.—The main building of the Vanderbilt university, destroyed by fire yesterday, will be rebuilt, but plans for the same will not be perfected until the board of trustees meet.

The destruction of the main building will in no way interfere with the continuation of the school. The report that it would suspend for the session is entirely erroneous.

Priceless treasures, which can never be replaced, were destroyed. The library of 30,000 volumes, the most complete owned by any institution in the south, is greatly reduced, the "graduate library" being a total loss. Costly and extensive chemical, physical and pharmaceutical apparatus is either lost or damaged.

ENORMOUS DAMAGE BY STORM.

Terrible Snow Storms Have Wrought Havoc in the West.

Cheyenne, Wyo., April 22.—Telegraph linemen returning from expedition to repair lines leading out of this city report that the damage done by the storm of Wednesday night was enormous. For miles the telegraph wires are snapped off between every pole and the time required to make repairs cannot be foretold, as the weather is still threatening.

West, south and east of the city hundreds of poles have been broken off short, while others became to top heavy with snow and ice that they were uprooted. The total snowfall was 15 inches.

The storm was especially severe in southern Wyoming and western Nebraska.

Leaking Gas Causes Death.

Birmingham, Ala., April 22.—R. W. McCemer is dead and five other men are in a critical condition as the result of a peculiar acident at No. 6 furnace of the Tennessee Coal, Iron and Railroad company at Ensley last night. Thet men were working in a closed room and all were asphyxiated by the gradual accumulation of gas in the enclosure from a dead end of a gas pipe in which there was evidently a small leak. It is thought the five men will recover.

Soldiers Off for Philippines.

Chattanooga, Tenn., April 22.—The second squadron of the Seventh cavalry, including Troops E, F, G and H, and staff left Ft. Oglethorpe, Chickamauga park yesterday for the Philippines. The squadron goes by way of Shreveport and El Paso. It will sail with a portion of the Ninth infantry for Manila April 30. It is expected to reach the islands on June 10. The Seventh cavalry has been at Chickamauga park since April, 1902.

New Postmasters Appointed.

Washington, April 22.—The following presidential postmasters were appointed today:

Alabama—Brewton, Geo. F. Schad; Florala, Theodore S. Hantz.

Georgia—Lafayette, R. O. Rogers.

Virginia—Louisa, William E. Cunningham.

THIRTEEN CREMATED IN CONVENT FIRE

Terrible Calamity Occurs Near Montreal, Canada.

HEROIC WORK OF THE TEACHERS

Fire Started About Midnight and Gained Such a Headyway Before Discovered that Efforts to Extinguish Flames Were of No Avail.

Montreal, April 22.—A disastrous fire broke out at an early hour today and reduced to ashes the convent in the little village of St. Genevieve. One nun, eight children and four old women lost their lives. The dead:

Sister Rageterra, music teacher, 32 years of age.

Miss Garrand, 15 years.

Miss Tessier, aged 18, of Isle Bizar.

Marceline Vilemare Irene Bertrant, aged 11, of St. Genevieve.

Leona Daoust, aged 15, Isle Bizar.

Eglantine Proul, 11 years old, Montreal.

Miss Dugas, 14 years old, St. Genevieve.

One unidentified.

Miss Margaret Poutavan, 98 years old.

Miss Rober, aged 58.

Madame Narcisselalonde, aged 82.

Madame Cardinal, aged 80.

As soon as the fire was discovered the villagers hastened to the scene. The bucket brigades were hurriedly formed and every possible effort was made to save the building, but the fire had gained such headway that it was soon apparent that there was no chance to save it from destruction.

The occupants hurriedly aroused by the smoke attempted to grope their way out of the building. Not withstanding all efforts there was a deplorable loss of life. Sister Rageterra, in heroic efforts to save the lives of the children in her charge, succumbed to smoke and flames. The pupils who perished were in a portion of the building where the fire had obtained too much headway before the alarm was given to enable those who responded to effect their rescue. The fire started about midnight. An effort was made to get Pointe-Claire by telephone so that assistance could be had from Montreal, but for some reason, yet to be explained, no response was received from Pointe Claire.

In the meanwhile the fire was spreading with fearful rapidity. The excitement was frightful, as it became apparent that many lives would be lost.

The fire started in the Old Ladies' Hospice and the smoke was so thick that the children on the floor above were unable to get down.

The convent was called Ste. Anne's and was a branch of the convent of the sisters of Ste. Anne's of LaChine.

The building was a gray stone structure and handsome appearance, and the church with it formed a central feature of the pretty little village.

Noted Turfman Dies.

New Orleans, April 22.—James J. Carroll, better known as "Viriginia" Carroll, and for many years one of the most noted figures of the American turf, is dead here of cancer at the age of 47. He was born in New Orleans, and was a member of a family still prominent in business and social circles. He was brilliantly educated and a graduate of Randolph-Mason college at Ashland, Va. After leaving school he bought a farm there, stocked it with race horses and became associated with Major Tom Doswell and was gradually led to the professional turf.

Negro Killed by Train.

Savannah, Ga., April 22.—Bruns Breulo was killed and Steve Carter, another negro, was injured so that he will probably die, by a Seaboard Air Line passenger train. The men were on a hand car picking coal, and were struck by the train, which was bound for Savannah. The accident occurred inside the yards of the union station. Carter was taken to the Georgia infirmary. Breulo's death was almost instantaneous. He was horribly mangled.

The House then adjourned until next Monday afternoon.

Legislative Notes.

A large number of members of the Legislature left here on a special train at 1 o'clock Friday afternoon for Pensacola on an invitation from the chamber of commerce of that city to visit the fleet of United States naval vessels now in that port. They will return at noon Monday.

The examination of witnesses in the Brown-Baskin case closed Friday. The arguments of the attorneys for the contestants will be heard on Monday afternoon.

Senators were given an opportunity to express themselves on the Key West railroad extension Friday on the test vote. The voting was on amendments, but the final vote in the Senate will take place on Monday afternoon. The vote in the Senate on the bill's final passage will not be so close as on the amendments, unless present predictions fail. The friends of the bill think they have eighteen or nineteen votes. It will go to the House early next week. The importance of the extension of a line of railroad from the mainland to the island of Key West is, in the minds of those interested in the development of the State, paramount to any proposition that has been disclosed in the history of Florida since it became the property of the United States.

WHY DOES A BABY CRY?

Because it is either hungry or in pain. Properly nourished it will usually grow up right and be comfortable—that's the principal thing for a baby. If its food lacks strength and nourishment add Scott's Emulsion at feeding time. A few drops will show surprising results. If a baby is plump it is reasonably safe. Scott's Emulsion makes babies plump.

Mr. Hargraves Was Pleased.

Among the prominent visitors to Gainesville Saturday was C. H. Hargraves of Jacksonville, president of the C. H. Hargraves Company, one of the most extensive wholesale grocery concerns in the State.

Mr. Hargraves was escorted about the city by Sam T. Dell, traveling salesman for the firm in this territory, and introduced to the merchants. He expressed himself as being not only well pleased with the trade his firm enjoyed here, but with the city as well, and complimented the people on their energy. "I believe—in fact I am sure that Gainesville has grown more rapidly industrially and commercially, as well as in point of population, than any interior city of Florida within the past two years," remarked Mr. Hargraves, "and that is saying a great deal, for Florida from one end to the other is now in the prosperous stage of its history."

Mr. Hargraves departed on the noon train for home.

About Rheumatism.

There are few diseases that inflict more torture than rheumatism and there is probably no disease for which such a varied and useless lot of remedies have been suggested. To say that it can be cured is, therefore, a bold statement to make, but Chamberlain's Pain Balm, which enjoys an extensive sale, has met with great success in the treatment of this disease. One application of Pain Balm will relieve the pain, and hundreds of sufferers have testified to permanent cures by its use. Why suffer when Pain Balm affords such quick relief and costs but a trifle? For sale by all druggists.

Cleveland, April 22.—County Prosecutor Keeler today issued subpoenas for a number of prominent local coal dealers to appear before the grand jury next Monday and testify in connection with the investigation to the charge that a combine known as the Cleveland retail coal dealers' association regulates prices in this city. The investigation will be made as a result of a suit recently filed by P. J. McIntyre, a retail dealer in which a complaint was made that he was discriminated against by the alleged association.

Party on Trail of Bear.

Glenwood Springs, Colo., April 22.—After a day's enforced rest the president's hunting party started out bright and early today. The snow that had fallen obliterated all old tracks and the party hoped to get close to a bear by nightfall, the guides having located several fresh tracks. The mail was unusually heavy today, and Secretary Loeb and the two stenographers put in most of the time disposing of it.

SSS FOR THE BLOOD

"S. S. S. for the blood" has grown to be a household saying. When the blood is out of order, or needs treatment from any cause, this great remedy is the first thought of and used by thousands of people all over the country, because it is superior to all other blood purifiers. It is a purely vegetable remedy, and while it penetrates the circulation and forces out all poison and morbid matter, it also builds up the entire system by its fine tonic effect. During the winter months the natural avenues of bodily waste have become dull and weak and failed to perform their full duty, the blood has been sluggish and an extra amount of poisons and waste matters have accumulated in the system and been absorbed by it. With the coming of Spring and warm weather the blood is aroused and stirred to quicker action and in its effort to throw off these acids and poisons the skin suffers. Boils, pimples, blotches, rashes and eruptions break out and continue until the blood is cleansed and made pure. S. S. S. is the ideal remedy for this condition; it clears the blood of all impurities, makes it rich and strong and these skin troubles pass away. Rheumatism, Catarrh, Chronic Sores and Ulcers, Scrofula, Contagious Blood Poison and all other diseases of the blood are cured by S. S. S. Book on the blood and any advice desired, free of charge. THE SWIFT SPECIFIC CO., ATLANTA, GA.

I was suffering from impure blood and a general run-down condition of the system. I had no appetite, was losing flesh, and an all-gone tired feeling that made me miserable. I began the use of S. S. S. and my blood was restored to its normal, healthy condition. My appetite returned, I increased in weight, that "tired feeling" left and I was again myself.

There will also be special music by the choirs, some of which have been strengthened for the occasion.

Services will be observed as follows:

First Baptist Church, Rev. S. B. Rogers—Sunday school at 9:30 a. m.; preaching at 10:30 a. m. Subject, "A Broken-Up Funeral." The Sunbeams will meet at 2 o'clock in the afternoon, to be followed by the Junior B. Y. P. U. at 3 o'clock. Preaching at 7 o'clock, subject, "Ordered Back to Jail."

Kavanaugh Methodist Church, Rev. T. J. Nixon—Sunday school at 9:30 a. m., preaching by the pastor at 10:30 a. m. Subject, "The Resurrection." Good music by the choir. Junior League at 2:30 p. m. Senior League at 3:30 p. m. Preaching at 7:30 p. m. by the presiding Elder, Rev. F. R. Bridges.

First Presbyterian Church, Rev. T. P. Hay—10:30 a. m., morning service; 3:30 p. m., Sabbath school, lesson topic, "The Entry of Jesus Into Jerusalem." Monthly collection for Thornwell Orphanage. 6:45 p. m., Westminster League, topic, "The Power of His Resurrection." 7:30 p. m., evening service.

Holy Trinity Episcopal Church, Rev. F. H. Craighill—Owing to the unavoidable absence of the pastor, the early morning service will be omitted. There will be morning prayer and sermon at 10:30; Sabbath school at 3 p. m., with children's special Easter service; evening prayer and sermon at 7:30. Special music for all services. On Monday afternoon at 4 o'clock the superintendent and teachers of the Sunday school will entertain the pupils with an egg hunt on the rectory lawn.

The usual services will be observed at the Second Advent Christian and St. Patrick's Catholic churches.

Services will be held by the Seventh Day Adventists in their tent at the corner of South University and East Union streets at 10:30 a. m. and 3 and 7:30 p. m.

The public is cordially invited to all places of worship, and strangers will receive a cordial welcome. Seats are free.

HEALTH IS YOUTH.

Diseases and Sickness Bring Old Age.

Herbine, taken every morning before breakfast, will keep you in robust health—fit you to ward off disease. It cures constipation, biliousness, dyspepsia, fever, skin, liver and kidney complaints. It purifies the blood and clears the complexion. Mrs. D. W. Smith, Whitney, Tex., writes April 3, 1902: "I have used Herbine, and find it the best medicine for constipation and liver troubles. It does all you claim for it. I highly recommend it." 50c a bottle. Sold by W. M. Johnson.

NEW PRESIDING ELDER.

Rev. F. R. Bridges Will Preach Here for the First Time Tonight.

For the first time in his twenty-six years' service in the ministerial work of the Methodist Episcopal Church, South, in Florida, Rev. F. R. Bridges of Ocala, the newly-elected presiding elder of the Gainesville district, will preach in this city tonight.

A strange coincidence of this occasion is the fact that Rev. T. J. Nixon, the pastor of Kavanaugh Methodist Church, and Presiding Elder Bridges joined the same conference in this city twenty-six years ago. Both were assigned charges, and during this entire time, more than a quarter of a century, Mr. Nixon has never had the pleasure of hearing his fellow-worker preach.

Mr. Bridges has filled a number of important charges during his connection with the church, and is considered by those who have heard him to be an eloquent and impressive speaker.

Mr. Bridges will fill the pulpit at the Methodist church this evening, and a cordial invitation is extended to the public.

There will be special Easter music at this service.

FARMERS OPPOSE IT.

Change of Holding Terms of Court Would Work Great Hardship.

Editor Sun.—The citizens here are generally opposed to the proposed change of the time for holding the terms of the circuit court from February and October to May and November. If there are any two months that the farmers ought to stay at home, it is when oat harvesting time comes in May, and when the time comes to dig potatoes and grind his sugarcane in November, we see no advantage in the change to the farmer, and know not the motive for the change. Will someone rise and explain the motive and give one valid reason for such legislation. W. M. BLITCH.

Santa Fe, April 21.

HAS A BIG CONTRACT.

A. W. Taylor Will Survey Large Body of Land in LaFayette.

A. W. Taylor has returned from Tallahassee, where he has been engaged in securing field notes of certain lands in LaFayette county.

Mr. Taylor, it will be remembered, a few months ago secured the contract for surveying a large tract of timber land in LaFayette county for the Putnam Lumber Company, a Wisconsin concern. It is upon this contract that he proposes to begin work the first of the week, and it is anticipated that several weeks will be required to complete the work.

It is the purpose of the Putnam Company to erect a system of saw mills throughout the tract.

Death of Young Child.

The numerous friends in this city of Mr. and Mrs. R. M. Lock of Dunnellon will regret to learn of the death of their little 4-year-old daughter, Charlotte, which occurred Friday night. They formerly resided here, and the information was received with a great deal of sadness.

Rev. F. H. Craighill of Holy Trinity Church was summoned to conduct the funeral, which will be held at Dade City. He was accompanied by Master Edward Lock, brother of the deceased, who was in this city at the time of her death.

Ballard's Horehound Syrup

Immediately relieves hoarse, croupy cough, oppressed, rattling, rasping and difficult breathing. Henry C. Stearns, Druggist, Shullsburg, Wis., writes May 20, 1901: "I have been selling Ballard's Horehound Syrup for two years, and have never had a preparation that has given better satisfaction. I notice that when I sell a bottle they come back for more. I can honestly recommend it." 25c, 50c, $1.00. Sold by W. M. Johnson.

The Missionary Tea.

The Missionary Tea given by the ladies of the First Presbyterian Church at the home of Mrs. I. C. Smith, 401 North Garden street, Friday afternoon, was a most enjoyable affair.

The exercises consisted of a prayer and song service, at the conclusion of which delicious tea and wafers were served.

The price of fuel oil in Kansas has been cut to 21 cents per barrel. Where is that Florida oil well?

It only takes 55 pounds of sweet potatoes for a bushel, according to the law just passed by the Legislature.

The frosts in the States north of us will have a tendency to boost the prices of garden stuff and fruits in this State.

The vessels of the Russian and Japanese fleets are too far apart to permit of anything but wireless telegraph fighting.

The shady oaks of Gainesville are not surpassed by any in the State. No city in Florida is more inviting to homeseekers.

The Japs are mixing a little with France, and in a manner that leads the frog-eaters to believe that they are out for "blud."

The representative from Jefferson county in the Legislature favors a measure to make it obligatory on the part of fish to bite on the full of the moon.

The Dorothy Dodd Shoe Company is giving the shoe dealers some good hints on newspaper advertising—the only method of doing business in a business way.

Caesar Young's alleged murderess, Nan Patterson, will have an alibi that will satisfy the jury at the coming trial that she tried to keep Young instead of trying to kill him.

There are a number of strong, hearty men giving "rassling" exhibitions about the State for meal tickets, while the farmers and truck growers are shy on help to harvest their crops.

The circulation question among the Jacksonville dailies is being stirred again by the zephyrs of business activity, and The Daily Florida Sun is looming up as a candidate for honors along this line.

Gainesville is not having any boom; but when people have to move to neighboring towns to remain until they can secure carpenters and material to build them a home, you can make up your mind there is something doing.

Advertising is to business like the rain to growing crops. A few light showers at intervals do not get to the roots of vegetation and do no good, while the steady soaking rain is absorbed. It is the same with advertising. The steady advertiser gets results, while the occasional spasm don't get at the roots of business.

The hack drivers of the city should be made to conduct themselves in a more orderly manner than they are in the habit of doing at the depots in the city in their efforts to secure passengers for their carriages. At the Seaboard depot a few days ago they acted like a lot of wild Comanches. There should be an officer on hand to teach them a lesson in deportment.

EAST COAST RAILWAY.

A trip over the Florida East Coast Railway will convince the most casual observer that this is one of the great railways of the United States, and equal to those of other countries. The equipment is first-class and the roadbed in remarkably good condition. From Jacksonville to Miami excellent time is made, and there are no annoying stops along the line to lead the nervous traveler to inquire "What's the matter now."

Everything is under excellent control, the employes knowing their business and attending to it with care and precision, and it is a ride through a section that attracts all who take an interest in the advancement of the State of Florida and the country at large.

The East Coast is a one-track road and in the winter, when the tourist season is at its height, the number of people carried over this line amounts to many thousands, and it is certainly remarkable that not even the slightest accident happened during the past winter along the line to injure a single person or delay a train. This fact is due largely to the ability of the men employed in every position—engineers, firemen and brakemen as well.

By the building of this line the people of the United States are able to reach one of the most delightful winter resorts in the country, and with ease and comfort, and lands have been opened to thousands of settlers, where they can till the soil and live comfortably in the most delightful climate to be found in the universe.

GOOD ROADS CONVENTION.

The State Good Roads Convention, to be held in Tallahasse Tuesday, April 25, should be attended by as many as can possibly be present, to assist in framing proper good roads laws. People who live in the counties that have them can appreciate their usefulness. The contrast is most noticeable. With good roads a team of horses can haul twice as heavy a load with half the effort, and a good road along the front of farming lands enhances their value.

State Organizer A. S. Mann, in calling attention to this matter, says that "those who control the press are in a large measure the leaders of sentiment for or against any position or measure; therefore, your position is a very responsible one. The people look to you for advice on the questions relating to good roads. I do not remember of one opposed; I simply seek some help now from all, as it is the time when a good and wise law must be given us, or we practically stand still for two years. We want relief now. If the press of the State will give us their help and advice now we shall no doubt succeed in getting the laws best suited to our State."

Although Easter observation has changed somewhat in form, it is the most important church festival of the year, because by its dates are fixed all the movable feasts of the Christian year. During the first three centuries of the Christian era Easter was observed on different dates by the Greek church, the Roman church and the Celtic church. In that year, however, the Council of Nicæa decided the date of Easter. It was agreed that, as the moon had been full on the night after the crucifixion, Easter must be governed by the phases of the moon and be a movable fast, falling on the first Sunday after the full moon of the spring equinox.

The feature of most interest to the Florida grower is that tomatoes from this State bring from $4 to $6 per crate, while those raised in the North, which come later in the season, bring about the same figures per ton.

About 40,000,000 bushels of corn are used annually in the making of corn starch.

It is well to remember that the apple contains a larger percentage of phosphorous than any other fruit or vegetable. This phosphorus is admirably adapted for renewing the essential nervous matter of the brain. The acids are also of great value for use by people of sedentary habits, these acids serving to eliminate from the body noxious matters which, if retained, would make the brain heavy and dull, or bring about jaundice or skin eruptions and other alied troubles. Some such an experience must have led to the custom of using apple sauce with roast pork, and similar dishes. The malic acid of raw or cooked neutralizes any excess of chalky matter engendered by eating too much. Apples are quite efficient as a disinfectant for the system and have considerable value as an antidote for tobacco and liquor, which is quite marked in all cases. Under all conditions and in all cases, there is no fruit as beneficial or harmful as the apple.

According to The Madison Recorder the Middle Florida Baptist Association, which meets April 28, will have for one of their topics the question: "Do we as Baptists observe the Lord's 'suffer' as being taught in the Scripture?" Evidently they mean "supper."

The people of Brevard county, those in the northern portion, are anxious to have another county formed of that portion to be called St. Lucie. Dade and other counties will in probability be split up in a few years as its population increases.

Looking for Oil in Florida.

Tifton, Ga., April 22.—W. J. Henderson, president of the Tifton Oil company, who is in Washington county, Florida, watching the progress of the boring for oil, and the Bainbridge Oil company, wires the stockholders at Tifton that a fine grade of petroleum has been struck, and that it is very black, and that several barrels were drawn out with the bailer. The Tifton Oil company owns a hundred acres of land, or more, adjoining that of the Bainbridge people, and the stockholders here believe that after the proper depth has been bored a flow of oil will be reached.

FATAL ACCIDENT AT KELLEY'S MILL

Wes Bailey, Colored, Crushed to Death by a Log.

HE WAS ALONE WHEN KILLED

In Loading a Log He Is Supposed to Have Attempted to Pass Under It. It Is Thought the Chain Slipped and Caught Him.

News reached the city Saturday evening of an accident at the saw mill of A. T. Kelley & Co., two miles south of Gainesville, which occurred about 3 o'clock in the afternoon, which resulted in the death of Wes Bailey, a colored teamster in the employ of that firm.

Bailey, who was hauling logs with one of the large-wheeled logging carts, had been assisted by his fellow workmen to get his log in a suitable place for loading and went about his work alone. In about five minutes one of the men returned to the scene and found Bailey lying on the ground under the log. He immediately summoned help and the log was raised so the body could be removed. But it was of no avail, as Bailey only gasped a few times and expired, his life having been crushed out.

The only way in which to account for the accident is the carelessness of Bailey, who, before he had the log securely chained to his cart, undertook to pass under, when the chains gave way and let the log drop on his body, which was badly crushed along the central part.

The dead man had been in the employ of the firm for upwards of a year, and was considered a faithful worker. He originally came from Valdosta, Ga.

The remains were taken care of, a coffin furnished and he received a decent burial. He was a comparatively young man.

Sternberger & Phillips.

Attention is directed to the change of advertisement of Sternberger & Phillips, painters and decorators, which appears elsewhere in this issue.

This firm, which recently removed here from Ocala, is composed of J. Starr Sternberger and Harry B. Phillips, both well known here. They propose to conduct a strictly first-class and up-to-date business, and will carry in stock one of the largest lines of wall papers, paints, oils, brushes, etc., in the State, and will no doubt enjoy a fine trade.

This firm has a novel method of advertising their business by offering to paint your house free.

THE REAL TEST

Of Herpicide Is In Giving It a Thorough Trial.

There is only one test by which to judge of the efficiency of any article and that is by its ability to do that which it is intended to do. Many hair vigors may look nice and smell nice, but the point is—do they eradicate Dandruff and stop falling hair?

No, they do not, but Herpicide does, because it goes to the root of the evil and kills the germ that attacks the papilla from whence the hair gets its life.

Letters from prominent people everywhere are daily proving that Newbro's Herpicide stands the "test of use."

It is a delightful dressing, clear, pure and free from oil or grease.

MOZLEY'S LEMON ELIXIR

REGULATES THE
LIVER,
STOMACH,
BOWELS,
KIDNEYS.

The inventor of the famous "TERRELL SCRAPE," a man known wherever plows are sold and used, says:

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it is the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

MOZLEY'S LEMON ELIXIR.

NEWS OF CITY AND COUNTY CONDENSED

Assistant Tax Assessor G. W. Miller left yesterday for Trenton, his old home, where he will visit relatives for a day or two.

W. E. Dow expects to make his departure this morning for Atlanta, where he will attend the session of the $100,000 Club, of the New York Life, which convenes in that city for three days, beginning tomorrow. Being one of the most successful insurance solicitors in the State, Mr. Dow has been a member of this club for several years, and is ex-president of the same. The requirement for membership is the writing of $100,000 or more insurance per annum, which this hustling agent never fails to do. Upon his return to this city Mr. Dow will be accompanied by his brother, Jas. H., who has been confined in an Atlanta hospital for the past few weeks. Friends of the patient will be pleased to learn that he is greatly improved.

Cheated Death.

Kidney trouble often ends fatally, but by choosing the right medicine E. H. Wolfe of Bear Grove, Iowa, cheated death. He says: "Two years ago I had kidney trouble, which caused me great pain, suffering and anxiety, but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and keep them constantly on hand, since, as I find they have no equal." All druggists guarantee them at 50c.

Card of Thanks.

The committee of arrangements for the meeting and entertainment of the Grand Lodge of the Independent Order of Odd Fellows, held in this city the past week, feel conscious of the success of their efforts in advertising our city, and affording the representatives a hearty welcome and an enjoyable time during their session, and we sincerely tender our thanks to the following, who did all in their power to help us:

Messrs. Harper & Chase for the use of one of their fine pianos without cost to us; the Gainesville Furniture Company for the use of furniture, etc.; S. S. Thomas Company for use of chairs, etc.; the Trustees of the Bible Conference for use of the Tabernacle; the Gainesville Guards for use of opera house; to Superintendent Jere M. Pound of the E. F. S. for the escort of cadets and young ladies, and the use of dormitory for reception of Grand Lodge and visiting Rebekahs; to Professor Spillman and his chorus; to Miss Wimberly for her clever recitations; to Prof. Junius K. Abrams for the excellent music by his orchestra; to Major Wheeler and Miss Lovey Goode for their numbers on our program; to Judge Horatio Davis for address of welcome; to Capt. L. E. Barker for the use of his railroad to our committee; to W. R. Thomas' livery stable for his prompt and careful service and reduced rates, and to all our citizens for the courteous and hospitable manner with which you treated our brethren of the Grand Lodge.

Respectfully,
THE COMMITTEE.

For a Weak Digestion.

No medicine can replace food but Chamberlain's Stomach and Liver Tablets will help you to digest your food. It is not the quantity of food taken that gives strength and vigor to the system, but the amount digested and assimilated. If troubled with a weak digestion, don't fail to give these tablets a trial. Thousands have been benefited by their use. They only cost a quarter. For sale by all druggists.

DR. STROUSE IN GEORGIA.

Has Converted Hundreds in the Big Meeting at Milledgeville.

A dispatch to The Atlanta Journal from Milledgeville, Ga., bears information that Rev. Clarence B Strouse has been working wonders in that city. The report says:

"This city is in the midst of the mightiest religious movement in its history. Several weeks ago some of the leading business men formed a gospel union; a tent was secured and the services of Rev. Clarence B. Strouse were engaged. The pastors of the city held special services in the tent for a week. For the past ten days the evangelist has been preaching to congregations that have filled the tent to overflowing, and a very great work is being done among all classes and ages, from the professional men to the driver of a city hack, from an old man of seventy to the youth of ten.

"Yesterday afternoon an unparalleled scene was enacted when a special service was held for men only. At the conclusion of what is unanimously conceded to have been the strongest and most affecting appeal ever heard in this city nearly five hundred men rose and went forward to signify their determination to enter on a new life and lay aside all sin, many of them weeping bitterly. In fact there was not a dry eye in the congregation. The strongest men were moved when they witnessed those whose lives were known of all to be Godless and unclean definitely making a solemn vow to turn to God.

"Last night only one hundred went forward to obtain blank cards to sign, signifying their intention of leading a Christian life and to immediately unite with the church. The meeting will continue several days."

Anti-Cigarette League.

The Anti-Cigarette League, an organization composed of boys who are willing to take an obligation not to smoke the deadly cigarette, has been organized in this city.

At the meeting held Friday evening in the reading room of the W. C. T. U., Russell Albright was elected president unanimously. This young man was largely instrumental in organizing the League.

The next meeting will be held Friday evening, when other officers will be elected.

A Dandy for Burns.

Dr. Bergin, Pana, Ill., writes: "I have used Ballard's Snow Liniment; always recommend it to my friends, as I am confident there is no better made. 'It is a dandy for burns.' Those who live on farms are especially liable to many accidental cuts, burns, bruises, which heal rapidly when Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency." 25c, 50c, $1.00 bottle. Sold by W. M. Johnson.

LETTER FROM MR. LETSON.

Crops Good in North Carolina, But Weather Has Been Cold.

Writing from Newberg, N. C., under date of April 16, Robt. E. Letson, well known in this city and section, says:

"It is very cold here today. Will frost tonight. Had frost twice last week. Crops are fine and lettuce is good. We shipped nine C. F. T. last week, and will wind up tomorrow. We have in six acres and will ship six thousand baskets. We have planted ten acres of cukes outside, but they will be under spray. We have set ont six acres under cover.

"The woods are getting green now, and it makes me homesick, for I know how good old Florida looks with herself dressed in green; but as long as Mrs. Letson's health is as good here as it is now I will stay here—but I love Florida. If I could get her up on a stump I would put my arms around her, but where my wife's health is the best I must stay.

"There was a big fire in town the other night. Mr. Sam Dill and Mr. Danlons lost their livery stables. Fifteen horses and one mule were cremated. Quite a lot of houses, with two stores, were burned.

"I didn't get The Sun last night, and feel lost today."

A Thousand Dollar's Worth of Good.

"I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pain," says A. H. Thurnes, a well known coal operator of Buffalo, O. "I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick-dust-like substance and now I have no pain across my kidneys and I feel like a new man. It has done me $100 worth of good." Foley's Kidney Cure will cure every form of kidney or bladder disease. Sold by J. W. McCollum & Co.

Chicagoan Decorated by King.

Chicago, April 22.—Millard Adams, of Chicago, received a cablegram announcing that the king of Belgium had conferred on him the decoration of the Order of Leopold, a distinction conferred on but few Americans, and the highest decoration in the gift of the king. Mr. Adams already possesses the decoration of legion of honor, conferred upon him some five years ago by President Loubet of France. Mr. Adams will visit Belgium this summer as the commissioner to the international exposition, an appointment he received several months ago from President Roosevelt.

Frightful Suffering Relieved.

Suffering frightfully from the virulent poisons of undigested food, C. G. Grayson of Lula, Miss., took Dr. King's New Life Pills, "with the result," he writes, "that I was cured." All stomach and bowel disorders give way to their tonic, laxative properties. 25c at all drug stores, guaranteed.

Strawberries Being Shipped.

Brewton, Ala., April 22.—One of the busiest places in south Alabama at present is the little town of Castleberry, 12 miles north of Brewton, the activity being caused by the opening of the strawburry season at that place. Ordinarily the population of the town is about 250, but at present it is nearer 3,000 about 2,000 berry pickers being there, besides commission men, prospectors and spectators.

Peterson, 625 Lake St., Topeka, Kan., says: "Of all cough remedies Ballard's Horehound Syrup is my favorite; it has done and will do all that is claimed for it—to speedily cure all coughs and colds—and it is so sweet and pleasant to the taste." 25c, 50c, $1.00 bottle. Sold by W. M. Johnson.

BANQUET CLOSES CELEBRATION.

More Than 2,000 Masons Gather Around Festive Board.

Chicago, April 22.—More than 2,000 sublime princes of the royal secret have gathered at the banquet that closed today's celebration of the golden aniversary of the Oriental consistory.

High masons from all parts of the country and visitors from England, Scotland, Ireland and Turkey were present as guests of honor.

The banquet was held in the new consistory hall, Dearborn avenue and Walton place. James B. McPatrick, illustrious commander in chief of Oriental consistory, was in charge of the banquet, and acted as toastmaster. Those who responded to toasts were Dr. Crawley, of Ireland; Dr. Toulds, of Glasgow; L. D. Robel Levi, of Constantinople, and E. C. Wetten, of Chicago. The Rev. William J. McAughan, of the Third Presbyterian church of Chicago, was orator of the consistory class.

Governor Charles S. Deneen and Lieutenant Governor Lawrence Y. Sherman, sent telegrams expressing their regreat at being unable to be present.

Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." Mrs. Donald McLean, of New York, Winner of Contest.

Washington, April 22.—Mrs. Donald McLean, regent of New York city chapter of the Daughters of the American Revolutioin, was elected president general of the national society Daughters of the American Revolution.

The announcement early in the session of the result of the ballot taken for national officers, which resulted in no election for president general, indicated that the contest was extraordinarily close. On the first ballot Mrs. McLean received 342 votes of a total of 717 cast, leaving her just 12 votes short of an election. Mrs. George M. Sternberg, District of Columbia, received 201 votes, and Mrs. Charles Warren Lippitt withdrew from the contest and another ballot was ordered.

The second ballot resulted: Mrs. McLean 362, Mrs. Sternberg 322, blank 6, total 690. As the vote was announced, a wave of enthusiastic applause swept over the auditorium and galleries.

OPPOSE BANKRUPTCY LAW.

Chicago's Wholesale Merchants Are Strongly Opposed to Measure.

Chicago, April 21.—Growing out of the opposition of the wholesale merchants of Chicago to the present bankruptcy law, the organization of cooperative adjustment association, has received its first impetus at a meeting of the credit men's association. A resolution was adopted directing President McAdoo to appoint a committee to investigate the matter and report at a later meeting.

This adjustment association is to be formed principally for the purpose of settling insolvent estates. The plan is to have an organization with a central bureau managed by a salaried man, with two or three attorneys and office assistants. Alliance with other associations also is contemplated making it national in scope.

READ THIS.

Stevenson, Ala., June 6, 1901.

Dr. E. W. Hall, St. Louis: Dear Sir—I have been a great sufferer from bladder trouble for two years and my case was of a very serious nature, compelling me to have several painful and dangerous operations. I have also taken many different remedies. I took Swamp Root for three years and Warner's Safe Cure two years and they only gave temporary relief. After having two operations and preparing for the third, I saw your Texas Wonder advertised and purchased a bottle. I got almost immediate relief and have continued to improve ever since. My doctors said my bladder had grown together in three places, and I was suffering almost death. No man living can say more than I can say for your Texas Wonder, and I call it a world's wonder, and I hope all who suffer will give it a trial. Wishing you success, I am

Yours truly,
